- Having difficulty finding balance in your classroom between teaching and managing the behavior of children with disabilities?
  - Need new ideas for inclusive preschool classroom settings?
  - Interested in receiving training in ABA (Applied Behavior Analysis)?
  - The GROWTH project may be just what you are looking for!
- 
- The GROWTH project at the Little Tree Preschool's is an outreach project designed to provide assessment, training, and follow-up to teachers and school systems across the state of Alabama.
  - The project involves 3 components:
    1. Observation/Assessment in your classroom
    2. Week-long training at a Little Tree Preschool Location on topics specific to your needs
    3. Follow-up visit to your classroom to monitor change and progress
  - Cost to school system is determined by how many staff attend the training.
